

# COVER DOURO

# B125

## DESCRIPTION

Square closing device in spheroidal graphite casting according to EN 1563 (EN-GJS-500-7).

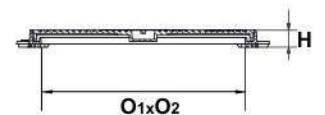

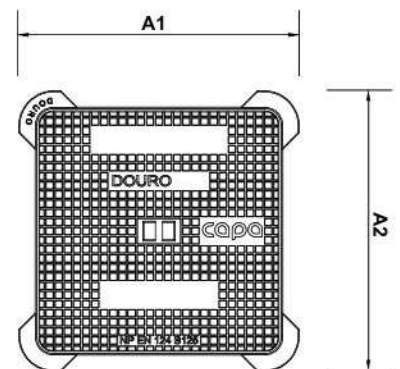

This device is standardized for class B125, Group 2 of EN 124-2:2015. It is suitable for application on sidewalks, pedestrian zones, comparable areas, car parks for light vehicles, among others.

The rim is fitted with a hydraulic seal to prevent the passage of odors and the cover has non-slip surface relief and black paint against corrosion.

This device is available in a comprehensive range of sizes up to 900x900mm.

Ref	Model	A1 x A2	O1 x O2	H	Class

## DRAWINGS

## FEATURES:

- Cover in spheroidal graphite cast iron (ductile), according to EN-GJS-500-7, EN 1563;
- According to EN 124-2:2015, load class B125;
- Hydraulic seal to prevent the passage of odors;
- Fitted with two handles for easy lifting of the lid;
- Surface non-slip relief;
- Optimized hoop for laying in the surrounding concrete;
- Black paint for corrosion protection.
